

DP40S Assignment 3

Lightroom Tutorials

This assignment is worth 15 marks

1. Launch Lightroom on the Macs.
 - **Make sure it just Lightroom, not Lightroom Classic**
2. Pick and complete **three** tutorials. Choose tutorials that interest you, and that you can easily apply to one of your existing photos
3. Once you've completed a tutorial, apply what you've learned to one of your photos in lightroom. Save the edited photo as a new name, so you do not overwrite the original photo.
4. You should have three edited photos posted to your Production page on your Weebly.
5. Post both Before & After Photos on your Website on Adobe Express.
 - You should have 6 photos total posted.**
 - Make sure it is posted above Assignment #1 & #2 (most recent work is always at the top)
 - Make sure you have a clear heading
 - Under the original photos add the following information in the caption:
 - ✓ Name of the Tutorial
 - ✓ List the "core features" as listed at the beginning of the tutorial
