

Weebly Set-up Instructions

1. Go to www.weebly.com
2. Choose sign-up from the top right corner.
3. Use an email address that is **not your** smail@pembinatrails.ca account. These accounts have strict filters and do not allow for a password reset. Use gmail, yahoo, outlook, or any other address you have.
4. When prompted for the type of site you are creating, select “Personal” account, or the option that says “I just need a website”.
5. Create a domain name that includes your name in some capacity.
6. Click search. Only choose the option at the bottom of the list provided – the one with the weebly subdomain. **The options listed at the top of the list you must pay for!**
 - *You have to select the option that includes weebly.com (subdomain).*
7. Select a theme and start building your site.
